RE: National HIV Testing Day

Dear Health Care Professional:

The Jersey City AIDS Task Force will be observing National HIV Testing Day on **Friday, June 24, 2011 from 11:00 AM to 4:00 PM** at the **Mary McLeod Bethune Life Center (Parking Lot)** located at **140 Martin Luther King, Jersey City, NJ**. This year's theme is **"It takes a village to fight HIV/AIDS"**.

We would like to cordially invite you to join us at this event. Our goal is to educate our community on the importance of early HIV detection, provide referrals, prevention and educational services, FREE on-site HIV counseling and testing as well as FREE STD and Pregnancy Testing. This is an opportunity for your agency to display, distribute, and address concerns regarding health care services for our community.

Thank you in advance for your participation and we look forward to your help and support as we take imperative actions in attempting to improve the lives of people infected with HIV and protect others from infection.

If your agency is interested in setting up a table; please fill out the attached form and return it or fax it to the following:
